Corporate Overview

Hunting Innova is a world leader in manufacturing high-temp/reliability electronics, cable harnesses and mechanical components.

Specializing in full functional testing for vertical integration and risk mitigation.

Service Differentiations

Full-Scale Capabilities

- Circuit card assembly
- In-house training for:
 - IPC-A-610
 - IPC-WHMA-A-620
 - J-STD-001
- Box build to full system

The Authority for Exotic Solder Alloys

- Innovalloy – Patented high-temp/high-shock solution
- SN96, SAC305, HMP and Gold solder experts

Test for Success

- Design for test and failure analysis
- Build, automate and qualify functional test
- Component level to full system
- Automated cable harness testing
- Temp, shock/vibe and 25k pressure testing

Company Data

CAGE: 1YEK4 **DUNS:** 610280307

NAICS: 334418 PRIMARY – Electronic Assembly
334419/33599 – Other Electronic Manufacturing
334417/335931 – Electronic Connector/Wiring

FSC: 5998/5999 – Electronic Assembly, Boards, Cards
5995/6150 – Cable Harness and Wire Assembly

Certifications

Past Performance

Superior Capabilities

Manufacturing

- High temp
- High reliability
- High shock/vibration

Testing

- Total traceability
- Component/module/full system

Inventory Solutions – IDIQ Contracts

- Full product life cycle strategy
- Obsolete part solutions
